

SUNY ONEONTA – Cooperstown Campus
ANNUAL CAMPUS SAFETY REPORT
Calendar year 2021
Prepared in 2022

Report Overview and Background

At SUNY Oneonta, the safety and well-being of our students, faculty, staff, and visitors is our highest priority. A safe and secure environment can be achieved only through the cooperation of all members of the campus community. This publication is part of our effort to ensure the safety of all through successful collaboration and preventive measures. We hope you read it carefully and use the information to help foster a safe environment for yourself and others.

This report is filed as required by the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Statistics Act (hereafter referred to as the Campus Safety Act) and the Higher Education Opportunity Act (P.L. 110-315). This law mandates that institutions receiving Title IV federal funds disseminate crime statistics for certain serious offenses that occurred on campus and in adjacent areas for the current, and two previous calendar years. The purpose of this report is to provide our current and prospective faculty, staff and students with campus and fire safety information including crime and fire statistics, and programs and procedures to follow to report a crime or other emergency situations.

The crime and referral statistics contained in this report are compiled by the Chief of Police, the Director of Community Standards, and the Office of Student Affairs. Independent databases are maintained by University Police and Community Standards. A numbering system is used to match cases to avoid duplicate counts of arrests and referrals. The data is reported annually to the Vice President and Associate Vice President for Student Affairs, who review and report the data. The report is prepared by the Office of the Vice President for Student Affairs and is electronically available at <https://suny.oneonta.edu/university-police/annual-campus-safety-security-reports> The report is distributed to new and returning students via an annual e-mail notification containing a statement of the report's availability, a description of its contents, and a link to the report. A link to the report is also included in the online Code of Student Conduct, Undergraduate Catalogue and Graduate Catalogue. New students and their parents or guardians are informed of the report through the My Oneonta student portal and at first-year, transfer, graduate student, and parent orientation sessions. Prospective students and their parents or guardians are informed of the report via the Admissions Office website and visiting student materials. Faculty and staff members receive the report through an annual e-mail notification and via the campus e-newsletter, the *Bulletin*. New and prospective employees are informed of the report through the Human Resources and Employment Opportunities websites and at new employee orientations. Hard copies of this report are available to prospective employees and students along with their parents or guardians upon request by contacting the University Police Department, Emergency Services Bldg, Oneonta, NY 13820, (607) 436-3550. Any questions regarding this report should be directed to the Vice President for Student Affairs in room 119, Netzer Administration Building, or telephone (607) 436-2513.

Any fire safety information and statistics are compiled by the Chief of Police, Emergency Management Coordinator, and Associate Vice President for Facilities. Institutions that maintain on-campus student housing facilities must report to the Department of Education and annually publish a fire safety report on campus fire safety practices and standards.

SUNY Oneonta – Cooperstown Campus

In 2021, the Cooperstown Graduate Program enrolled 68 students. There are no residence halls at this location and, while students are eligible to reside at the main campus, none currently do. The Cooperstown Campus employs 8 faculty and 13 administrative staff, for a total of 21 faculty and support staff.

Security of and Access to Campus Facilities

Students, faculty, and employees have access to academic and administrative facilities on campus during regular hours of operation. The public can attend events on campus, that are open to the public, with their access limited only to the facilities in which these events are held. To report any violations of this policy or to report a suspicious person, dial 607-436-3550 for the University Police. The Cooperstown Campus should also report suspicious or criminal activity to the Otsego County Sheriff, 607-547-4270 or 911. A Memorandum of Understanding is in effect with the Otsego County Sheriff.

Code of Student Conduct

Student conduct is regulated by the Code of Student Conduct. The Code is available on line and hard copies can be obtained at the Student Affairs Office. In compliance with an April 2004 directive from the SUNY Chancellor, all students are required to receive and positively affirm they have read and understand the Code on an annual basis. Access to registration is denied to students who have not completed the affirmation. Sanctions for violation of the Code include: Suspension, Restrictive Disciplinary Probation, General Probation, Residence Hall License Revocation, Residence Hall Transfer, Residence Hall Probation, Residence Hall Ban, a letter of reprimand, Restitution of property, Educational sanctions, Dismissal, a letter of admonishment. The results of disciplinary hearings are considered confidential except as permitted by law and FERPA exception.

SUNY Oneonta is committed to maintaining an environment in which students, faculty, staff and guests can work together free from all forms of harassment, exploitation and intimidation. SUNY Oneonta will act as needed to discourage, prevent, correct and if necessary discipline behavior that violates this standard of conduct. The University Police department will promptly investigate allegations of unlawful discrimination based on race, color, sex, religion, age, national origin, marital status, sexual orientation, disability, or status as a veteran. Allegations of unlawful discrimination can first be discussed with the Counseling Center, the Office of Student conduct, the Affirmative Action Officer, or the Vice President for Student Affairs.

University Police Department – Jurisdiction and Authority

Campus safety and security are coordinated by the university police department, which has a force of 15 sworn police officers with full arrest powers. As an armed police department, patrol members respond to all emergencies, dispatched by five Certified Law Enforcement dispatchers.

SUNY Oneonta police officers must meet the highest standards in New York State for law enforcement officers. The officers have passed a basic training program administered by the State University of New York State Police Academy in Albany, NY or a local regional police academy, and undergo continuous training to upgrade their skills. Officers have been trained in emergency medical procedures and first aid. They conduct vehicular patrols on campus areas daily, 365 days a year.

The objective of the university police is to provide a safe environment for teaching, research and

social endeavors and to protect the lives and property of the students, employees and visitors of the state university college. This objective is pursued within the framework of SUNY Oneonta rules and regulations and all local, state and federal laws. The investigation of crimes committed on the campus fall under the jurisdiction of the University Police department.

The SUNY Oneonta University Police Department has been accredited by the New York State Division of Criminal Justice Services Accreditation Council. Accreditation provides formal external validation that an organization meets or exceeds general expectations of quality in the field, and acknowledges the implementation of policies that are conceptually sound and operationally effective. Accreditation also allows police agencies to continually evaluate and improve their overall performance. Only 25 percent of all police departments in New York State are accredited, and only 13 other SUNY police departments hold this accreditation. In addition, individual SUNY Oneonta officers have been recognized for their outstanding courage, professionalism, and service by the SUNY Police Chiefs Association.

SUNY Oneonta University Police also work closely with the Cooperstown police, sheriff's department, and the New York State Police to assist them with incidents that may occur off campus but involve campus staff or students. In addition, the department maintains up-to-date Memoranda of Understanding (MOU) with the City of Oneonta Police, Town of Oneonta Constable, Otsego County Sheriff, Village of Cooperstown Police and Hartwick College Security. While the New York State Police will not enter into an MOU, they have assured the campus they will respond to appropriate situations and University Police maintains a strong working relationship with the local Zone Commander. Criminal activity by students and student groups off-campus is reported to college officials (police and community standards) by local policing agencies through routine information sharing practices. Students involved in off-campus situations involving alcohol/drug offenses or other criminal activities may be referred to the campus conduct program.

SUNY Oneonta is the host site for the Otsego County Law Enforcement Academy. The Academy is directed by a retired University Police officer, with many University Police officers serving as certified instructors. The Academy offers the Department of Criminal Justice Services mandated training program that every NYS police officer must successfully complete within one year of hiring date. Additional in-service training courses for certified law enforcement officers are offered throughout the year.

SUNY Oneonta monitors and records, through the City of Oneonta Police Department, any criminal activity committed by student. The Code of Student Conduct indicates that the City Police will communicate with campus administrators and university police regarding any criminal arrest in their jurisdiction involving a student.

Crime Reporting

All members of the campus community are expected to report criminal incidents, emergencies and suspicious activity promptly and with as much detail as possible. Periodic reminders appear in the campus newsletter (the *Bulletin*). The campus emergency number is 607-436-3550 or 911 and this should be used for all fire, medical and police emergencies. All reports are classified, logged, and responded to thoroughly.

Crimes in progress, and any other emergencies on campus can be reported directly by any student, faculty member, employee, or any community member to the university police

department by dialing campus extension 607-436-3550 or 911. The University Police can also be reached using campus blue light emergency phones or the residence hall door phones, which have a red campus police emergency button. Upon receipt of the call, University Police officers are dispatched immediately to the site of the complaint. They prepare and submit incident reports which are kept on file.

Members of the campus community can also report criminal incidents to the following offices:

Vice President for Student Affairs – 607-436-2513
Director Community Standards – 607-436-3353
Director Counseling Center – 607-436-3368
Director Student Health Services – 607-436-3573
Director Residential Community Life – 607-436-2514
Director Athletics – 607-436-3594
Director Student Activities – 607-436-2410
Chief Diversity Officer – 607-436-2830

The offices noted above also allow victims and witnesses to report crime on a voluntary, confidential basis. Reports of this nature are filed with the university police for information purposes, but there is no formal investigation of the incident.

Faculty and staff with responsibility for student advisement and counseling (Campus Security Authority or CSA) are advised annually of their responsibility to report criminal incidents. If a victim doesn't want the report to go any further than the CSA, the CSA is required to submit the report for statistical purposes, but it can be submitted without identifying the victim.

Campus "Pastoral Counselors" and Campus "Professional Counselors", when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics. (Counselors are defined as follows: Pastoral Counselor-An employee of an institution who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor. Professional Counselor - An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution's community and who is functioning within the scope of his or her license or certification.)

The University Police department maintains an anonymous Silent Witness website at <https://forms.office.com/Pages/ResponsePage.aspx?id=qLHJs3Rn0yRcnKKjAjrZeHBTadEbu9MhiSXkMddNy9UMVE4UIMzSzRLQIE2VUw2QkMwRiVRSDJPUiQIQCN0PWcu> . Or by navigating to the [UPD homepage](#) and clicking on the red "Silent Witness" button on the lower right column of the page. Any person may report criminal activity to the University Police using this site. Information provided through this site is reviewed and investigated.

Timely Warnings

Members of the campus community are notified of crimes on campus that may pose a threat to their safety and well-being through the issuance of timely warnings. Timely warnings are generally issued for serious or ongoing threats to enable students and employees to protect themselves and to prevent further crimes from occurring. The decision to issue a timely warning is made on a case-by-case basis by University Police in consultation with the college administration considering all available facts, including such factors as the nature of the crime, the continuing danger to the campus community, and the possible risk of compromising law enforcement efforts. Timely warnings are issued without delay, as soon as enough pertinent information is available and may include the type, date, time, and location of a crime, as well as any available information about the suspect(s) and personal safety information; however, timely warnings always withhold the names of victims and treat any identifying information about the victim as strictly confidential.

When a determination to issue a timely warning has been made, University Police immediately contacts college administrators and the Office of Communications to distribute the warning in one or more of the following ways:

- Emergency alerts on the college website home page, University Police page, and the student portal.
- Campus wide email
- Fliers and posters in the residence halls and common areas in academic and administrative buildings.
- NY ALERT
- Alerts to local media outlets
- Warnings in the campus newspaper and radio station
- Campus wide voicemail

Emergency Response, Notification, and Evacuation Procedures

When a serious incident occurs that causes an immediate threat to the campus, the first responders to the scene are usually University Police, the Cooperstown Police Department, the Otsego County Sheriff, the Oneonta City Police Department, and the Oneonta Fire Department. Depending on the nature of the incident, other local or federal agencies could also be involved. University Police officers have been trained and certified in advanced police work that includes fire safety, firearms and firearms instruction, first aid and personal safety, hazardous materials, and rapid deployment.

SUNY Oneonta's website includes information about the college's [Emergency Response Plan](#) and procedures, campus and fire safety, evacuation policies and procedures, and pandemic planning. The college conducts numerous emergency response exercises each year, including

regularly scheduled drills, tabletop exercises, appropriate follow-through activities, and tests of the emergency notification systems on campus to assess and evaluate the emergency plans and capabilities of the college. (Please see Appendix A for evacuation procedures).

Perhaps the most critical aspect of any emergency response is communication. In the event of a major emergency, or if there is an event which poses a threat to students, employees, or others, a “Campus Alert Bulletin” will be prepared and distributed in one or more of the following ways:

- * NY ALERT
- * the College web site
- * letter to students, faculty, and staff
- * WONY FM
- * campus e-mail service
- * campus newspaper
- * local media outlets
- * campus voice mail service
- * main entrance doors to academic and residence hall buildings.
- * Social media sites

SUNY Oneonta uses NY-ALERT as an emergency contact system designed to send e-mail, recorded voice, and text messages to multiple addresses and phone numbers, in response to any event or situation on the campus which poses a serious safety concern, including weather related class cancellations. The system is tested annually.

Faculty, staff, and students are strongly encouraged to provide their emergency contact information, which is sent to the State Emergency Management Organization by SUNY System Administration. Students are reminded to provide/update their information regularly when they access campus web services. Employees are contacted each semester to provide/update information in NY- ALERT. Complete guidelines for initiating an emergency message can be found at: <https://suny.oneonta.edu/policy-library/policies-z/urgent-message-policy>

Crime Prevention Activities

Community Policing Model

SUNY Oneonta adheres to an active community-policing model that involves the entire campus in promoting crime prevention and safety awareness and promotes cooperation between the campus and its surrounding community. Bicycle, foot, and vehicle patrols enable officers to monitor and maintain security on campus around the clock. Firmly established guidelines and procedures allow officers to respond quickly to emergencies and events that may compromise the safety of the campus. University Police works with other area law enforcement agencies on mutual concerns and investigations.

Crime Prevention and Safety Awareness Education

Members of the campus community are urged to secure their valuables and be aware of their surroundings. To assist in this endeavor, the University Police hold educational programs each semester on a variety of topics including personal safety awareness and security, rape awareness/sexual assertiveness training, and anti-theft programs. Information on safety and security is provided on request to students and employees regularly via seminars, videos, crime alerts, posters, brochures, the student newspapers and at [*www.oneonta.edu/admin/police*](http://www.oneonta.edu/admin/police).

During new student and new faculty orientation, programs are presented which address sexual assault, fire safety, and other personal safety topics. Students and faculty are also informed of many personal safety services available on campus, which include campus escort, blue light emergency phone system, mental health services, and emergency response notification and procedures. These orientation sessions typically occur twice a year

A free comprehensive self-defense course (R.A.D.) on awareness, prevention, and risk reduction is offered annually for employees and students. Instructors are SUNY Oneonta University Police officers with years of law enforcement and self-defense experience who are nationally certified R.A.D. System (Rape Aggression Defense) instructors. Other services available through the University Police department throughout the year include motorist assistance, lost and found, and assistance with class projects. All of these programs are offered upon request.

The physical plant department maintains the campus buildings and grounds with a concern for safety and security. It inspects campus facilities regularly, promptly makes repairs affecting safety and security, and responds immediately to reports of potential safety and security hazards, such as broken windows and locks. Concerns about the physical safety of campus buildings and grounds, should be directed to the physical plant office Monday through Friday, 7:00 a.m. to 3:30 p.m., at 607-436-2507. For emergencies that occur during non-business hours, call the University Police Department at 607-436-3550 or 911.

In compliance with NYS education law 129A, SUNY Oneonta has a Personal Safety Committee charged with advising the president and chief of police on matters of campus security, public safety, and personal safety; review and suggest improvement in safety education programs; assess availability of counseling service for crime victims; review victim referral and campus response procedures for sexual assault situations; conduct ongoing assessment of the quality of campus personnel safety policies, practices, procedures and programs; and provide information to incoming students about sexual assault prevention measures, penalties, and related security procedures. This committee meets monthly and provides an annual report to the president and chief of police.

SUNY Oneonta campus is well lighted, and further lighting improvements are regularly made. These include placing high intensity sodium vapor lights on buildings, in parking lot areas, in areas with heavy landscaping and trees, and along pathways frequently traveled by students. These recommendations are taken on a rolling bases and improvements are made annually.

Policy on Alcohol and Drugs

The University Police enforce laws regulating underage drinking and the use of controlled substances and weapons. The illegal possession and/or use of marijuana, barbiturates, amphetamines, hallucinogenic compounds, narcotics and other controlled substances are in violation of state and federal law. SUNY Oneonta complies with the requirements of the New York State Alcohol Beverage Control Law and the New York State Penal Code, which provides that “no person under the age of 21 will possess any alcoholic beverage with the intent to consume such beverage.” The campus alcohol policy prohibits alcoholic beverages in residence halls and at student events. Higgins Hall has a very detailed policy allowing possession or consumption of alcohol by persons at least 21 years of age. (See Appendix D.) On a limited and highly selective basis, the campus policy is waived and alcoholic beverages are served at student functions in accordance with federal, state, and local laws. The Division of Student Affairs provides counseling and regularly offers programs and courses on drugs and alcohol. Under certain circumstances, SUNY Oneonta notifies parents of violations and makes mandatory referral to an alcohol and drug education program. The possession, sale or use of any illegal drug on campus will not be tolerated and the penalty for violation is very severe. College policy prohibits open containers of alcoholic beverages in all outside areas on the campus. Bringing alcoholic beverages to any public or private event on campus is not permitted. Members of the campus community in need of assistance with respect to a question or personal problem regarding alcohol or other drugs should contact the student health center, at (607) 436-3573. A complete description of SUNY Oneonta’s drug and alcohol policy and abuse education programs as required under Section 120(a) through (d) of the HEA can be found in the Code of Student Conduct at <http://www.oneonta.edu/Affairs/judicial> . SUNY Oneonta complies with the Drug-Free Schools and Communities Act (DFSCA). The materials we use to comply with DFSCA can be found at <http://www.oneonta.edu/Affairs/health/drugandalcoholabuse.asp> .

Weapons on Campus

Possession and or use of any Weapon or any device capable of use as a weapon by release of explosive material, noxious material, electric discharge, or projectile, is prohibited on Campus.

Exemptions to this Policy are as follows:

1. The President, as the chief administrative officer of the Campus, and consistent with 8NYCRR Part 590, grants the following exceptions to the prohibition of Weapons on Campus:
 - a. Military or law enforcement of the United States or the State of New York in pursuit of their official duties, as provided for under 8 NYCRR 590.1, SUNY Policy 5403.
 - b. Possession of a self-defense spray as allowed under New York State Penal Law Section 265.20(a)(14) and must follow [New York State Codes, Rules and Regulations Section 54.3 Requirements](#) which governs substance type, size, and weight of spray allowed.

Compliance with Policy

1. The use of the spray is deemed force on another and needs to be justified and will be investigated.
2. Failure to comply with the University's prohibition of Weapons on Campus shall be considered an intentional violation of Campus policy.
3. Violation of this policy may result in criminal prosecution, disciplinary action, including termination from employment or expulsion from the Campus, and/or other sanctions.

Sexual and Interpersonal Violence

Sexual violence is a violation of college policy and federal civil rights law and may also be subject to criminal prosecution. SUNY Oneonta prohibits all forms of violence and threats of violence on campus, including sexual violence, sexual assault, domestic violence, dating violence, and stalking, whether in the academic setting or workplace. We strive to create a campus community that is wholly intolerant of sexual harassment and all forms of abuse and violence. SUNY Oneonta is committed to providing crisis intervention measures and a campus response that protects the rights of the victim and the accused; referring students to criminal authorities; and educating and promoting continual discussion of interpersonal abuse and violence issues and prevention. Offenders are subject to appropriate campus adjudication processes, disciplinary action, and criminal proceedings. Interim measures may be imposed pending the outcome of any adjudication.

Response Procedures

When an incident of sexual violence, domestic violence, dating violence, or stalking is reported, the college provides victims with available options, remedies, and services. SUNY Oneonta's response to sexual assault may involve a number of individuals and agencies, including University Police or local law enforcement, the Title IX officer, medical and counseling services personnel, and Residential Community Life staff. On-campus cases receive a timely campus-based investigation that is confidential and thorough and protects individual rights and due process. SUNY Oneonta strongly encourages accurate and prompt reporting of these crimes. There are, however, options available for students who wish to maintain confidentiality while getting the support they need. *Different employees on campus have different abilities to maintain a victim's confidentiality. Mental health counselors, health care providers, pastoral counselors acting in their professional capacities can maintain confidentiality. Other reporting

agents can treat information as privileged and private, but are required to communicate information with the Title IX Coordinators. Reporting a crime to the police or to a campus office does not obligate the victim to pursue criminal prosecution. For students, in addition to criminal charges, sexual and interpersonal violence is prohibited conduct as specified in the SUNY Oneonta Code of Student Conduct found at <https://suny.oneonta.edu/policy-library/policies-z/code-student-conduct> . Both the victim and the accused are afforded equitable rights during the investigative process.

Whenever a violent or sex related crime is reported to a member of the SUNY Oneonta campus community they have been trained to contact the Title IX coordinator and provide the victim with emergency resources such as medical attention, counseling services, and/or call University Police for ongoing safety concerns. The victim may decline such services. Injured victims are transported to Bassett Hospital or another appropriate health-care facility. When a victim reports sexual violence, dating violence, domestic violence or stalking, they will meet with approved Title IX investigators and be provided with written notification of available options, their rights and assistance with accommodations in academic, living, transportation and working situations, as well as protective measures that can be taken on campus and within the community. This process is the same for students and employees. Victims will be advised of their option to report to an appropriate law enforcement agency, if they haven't already, and be assisted with such a report. They may also decline to involve law enforcement and elect to use the Student Code of Conduct process or the Title IX grievance procedure. Where applicable the institution may aid the victim in gaining an order of protection and or a no contact order from the institution. These accommodations and/or protective measures are available to the victim regardless of whether they choose to report the crime to law enforcement.

With all violent felony or sex-related crimes, immediate collection of evidence is crucial. Victims are reminded of the importance of evidence preservation and are encouraged not to destroy evidence by bathing, showering, changing clothes, combing hair, drinking, eating, or doing anything to alter their physical state or appearance until after a physical exam has been completed. Officers work quickly to secure the crime scene and implement proper investigative measures, including basic interviews to ascertain the nature of the crime. If the perpetrator of a crime is at large or is unidentified, it is critical to the safety of the campus and community that the interview be conducted as soon as possible and timely warnings issued if appropriate.

Disciplinary Procedures

In cases of sexual assault, domestic violence, dating violence, or stalking the College will provide a fair, prompt, and impartial process from investigation to conclusion. Hearings officers receive annual training on issues related to dating violence, domestic violence, sexual assault, and stalking, including the hearing process and how to conduct an investigation that protects the safety of victims and promotes accountability. If the accused is a student, the standard of evidence used in an institutional disciplinary hearing will be preponderance of the evidence.

Both accusers and accused are entitled to notification of charges and hearing date, as well as the same opportunity to have an adviser of their choice present at any hearing or related meetings. Both parties will be informed simultaneously in writing of the outcome of any institutional disciplinary proceedings that arise from an allegation of domestic violence, dating violence, sexual assault, or stalking; the college's procedures for the accused and the accuser to appeal the results; changes that occur along the way; and the final results of any appeals. Compliance does not constitute a violation of the Family Educational Rights and Privacy Act (FERPA). These

protections apply regardless of race, color, national origin, religion, creed, age, disability, sex, gender identity or expression, sexual orientation, familial status, pregnancy, predisposing genetic characteristics, military status, domestic violence victim status, or criminal conviction.

The procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking, including the steps, anticipated timelines, and decision-making process for each, are delineated in the Code of Student Conduct for students and the full Sexual Violence Response policy for employees and students.

SUNY Oneonta will periodically update the alleged victim of a crime of violence or a non-forcible sex offense on the status of the case, and will disclose to the alleged victim the results of any disciplinary hearing conducted by the college against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the College will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

Students:

Student alleged incidents of dating violence, domestic violence, sexual assault or stalking may be reported to a number of offices on campus including the Title IX Coordinator and/or the Office of Community Standards. Reports to the Office of Community Standards will be processed in accordance with the *Code of Student Conduct*. With the exception of very minor cases of stalking that could also be referred for a Residence Hall Director meeting if the student lives on campus, cases will be adjudicated through an Administrative or Standing Disciplinary Board Hearing. The hearing type is determined by the egregious nature of the case. A more serious crime will always be adjudicated by the Standing Disciplinary Board.

An incident report will be filed with the Community Standards office. An investigation will be conducted and the type of hearing will be decided upon. Students are notified in writing of the date and time of their hearing, as well as the charges. An Administrative hearing is held with one College Administrator hearing the evidence and making the decision. The Standing Disciplinary Board is comprised of 7 faculty, staff, and student representatives. The case would be presented to them and they make a determination based on a majority vote. SUNY Oneonta's student conduct processes uses a preponderance of evidence standard for a responsible finding. If found responsible, the sanctions may include suspension or expulsion from the institution, community service, educational program, no contact order, housing revocation, housing transfer, or probation.

Interim measures may be taken by the vice president for student Affairs and/or her/his designee may impose a temporary disciplinary suspension or other restrictions (housing revocation, no contact order or persona non grata status) prior to the hearing to ensure the safety and well-being of members of the community or preservation of College property; to ensure the student's own physical or emotion safety and well-being; or if the student poses a definite threat of disruption or interference with the normal operations of the College.

Workplace Violence Policy and The Domestic Violence in the Workplace Policy and

Procedures: <https://suny.oneonta.edu/employee-services/policies-procedures>

Excerpt – Through Human Resources, “The College, to the fullest extent possible without violating any existing rules, regulations, statutory requirements, contractual obligation or collective bargaining agreements, will take all appropriate actions to promote safety in the workplace and respond effectively to the needs of victims of domestic violence.”

Several support options in order to mitigate reoccurrences of domestic violence in an effort to protect all employees including the victim: Advising co-workers, supervisors, and , upon request, the employee’s bargaining representative, of the situation; setting up procedures for alerting University Police, temporary relocation of the victim to a secure area; options for voluntary transfer or permanent relocation to a new work site; change of work schedule; escort for entry to and exit from the building; responding to telephone, fax, email or mail harassment; keeping a photograph of the abuser and/or a copy of any existing court orders of protection in a confidential, on-site location and providing copies to University Police; the College will address any additional concerns raised by a situation in which both the victim and offender are employed by the College. Employees may also opt to report prohibited behaviors to the Title IX Coordinator.

Privacy

SUNY Oneonta will protect the privacy of all parties to a complaint or other report of sexual violence, dating violence, domestic violence, or stalking to the extent possible. The College will complete publicly available record keeping in accordance with federal and state law, without the inclusion of personally identifying information about the victim. When the College receives complaints of violence an obligation exists to respond in a way that limits the effects of the violence and prevents its recurrence. Information will be shared as necessary in the course of an investigation with people who need to know, such as investigators, witnesses, the reporting individual, and the respondent. If you are the reporting individual and are unsure of someone’s duties and ability to maintain your privacy, ask them before you talk to them. Staff members at certain resources are obligated by law to maintain confidentiality, including the Counseling Center staff on-campus and the local rape crisis center off-campus. Contact information for both of those facilities and further information on options for confidentiality and privacy can be found here: <https://suny.oneonta.edu/know-violence/reporting> .

Prevention and awareness programs

The college continually works to develop and hone curricular and co-curricular educational programs on personal safety precautions and prevention, crime reporting, medical and counseling services, availability of legal services, the college discipline system, and sexual assault prevention. University Police, the Health Center, the Counseling Center, and the Office of Equity and inclusion, Residence Life and New Student Services all conduct ongoing educational campaigns for students, faculty, and staff to promote safety and awareness and aid in the prevention of sexual violence, dating violence, domestic violence, and stalking. Students and employees learn about these programs during first-year, transfer, and graduate orientations each semester; via SUNY Oneonta presentation online education component, Campus Clarity; through ongoing extracurricular educational programming during the semester; and through presentations to students in the residence halls each semester. Programs are designed to promote

positive behaviors that foster healthy, mutually respectful relationships and sexuality, encourage safe bystander intervention tactics, and positively influence behavior and social norms.

Primary prevention and awareness programs for all incoming students and employees include:

- a clear statement of the prohibition of sexual assault, rape, dating violence, domestic violence, and stalking at SUNY Oneonta;
- definitions of sexual assault, rape, dating violence, domestic violence, and stalking in the applicable jurisdiction (see *Definitions* section below for full list);
- a definition of consent, with reference to sexual offenses, in the applicable jurisdiction (see *Definitions* section below for full list);
- information on safe and positive bystander intervention that an individual may take to prevent harm or intervene when there is a risk of domestic violence, dating violence, sexual assault, or stalking against a person other than such individual;
- information on risk reduction, how to recognize warning signs of abusive behavior, and how to avoid potential attacks;
- information on institutional disciplinary procedures, sanctions, and protective measures in cases of VAWA crimes;
- procedures that victims of VAWA crimes should follow, including
 - the importance of preserving evidence of such crimes;
 - how and to whom the alleged offenses should be reported;
 - rights and options regarding law enforcement and campus authorities, including the victim's options to notify proper law enforcement authorities, assistance from campus authorities with such notification, and the victim's right to decline to notify;
 - victims' rights and the college's responsibilities for orders of protection as well as options for and available assistance with changing academic, living, transportation, and working situations, regardless of whether the victim reports the crime to campus police or law enforcement;
 - available services, including counseling, health, mental health, victim advocacy, and legal assistance.
- ongoing prevention and awareness campaigns for current students, faculty, and staff on all of the above.

Beginning in fall 2015, student leaders and officers of recognized student organizations and those seeking recognition began to complete training on domestic violence, dating violence, sexual assault, and stalking prevention as part of the approval process. Student-athletes also began to complete training in domestic violence, dating violence, sexual assault, or stalking prior to participating in intercollegiate athletics.

Specific prevention and awareness programs include:

Take Back the Night

SUNY Oneonta participates in Sexual Assault Awareness Month each April with a series of campus wide events to educate the campus community about ways to prevent violence, especially sexual assault and other VAWA crimes. Violence Prevention Week features a variety of activities for students, faculty, staff, and the larger community, culminating in Take Back the Night, the international event designed to raise awareness and promote the prevention of sexual violence in all forms.

Campus Clarity online program

The "Think About It" program and supplemental programs are used at SUNY Oneonta to educate all incoming students prior to orientation, about the assumptions and stereotypes associated with sexual violence, dating violence, domestic violence, stalking, and harassment. It

also helps students understand the meaning of consent, how to help a friend, and how to intervene in a situation that might escalate to a sexual assault. Students who do not complete the program are prohibited from registering for classes.

Health 101

This is an outreach newsletter program to deliver periodic messages and content to students about sexual and interpersonal violence prevention, as well as other health related issues.

kNOW Violence

This is a committee that is charged with sustaining ongoing educational programs and campaigns regarding sexual and interpersonal violence. They conduct several programs per year and usually undertake one large scale campaign per year.

Green Dot training

Bystander intervention training was offered to student leaders, residence life staff, and to all student within residence halls who elected to participate. These trainings are offered on an ongoing basis.

Employee online education programs

All employees are required annually to complete four online education courses; preventing sexual misconduct, preventing discrimination and harassment, preventing workplace violence, and reporting child sexual abuse.

Definitions

New York State Law has clarified what is considered “consent” with regard to sexual activity. Sexual activity requires “affirmative consent” by all parties involved.

Definition of Affirmative Consent

Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant’s sex, sexual orientation, gender identity or gender expression.

- a) Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.
- b) Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.
- c) Consent may be initially given but withdrawn at any time.
- d) Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by the lack of consciousness or being asleep, being involuntarily restrained, or if an individual otherwise cannot consent. Depending upon the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and, therefore, unable to consent.
- e) Consent cannot be given when it is the result of any coercion, intimidation, force or threat of harm.
- f) When consent is withdrawn or can no longer be given, sexual activity must stop.

Underage persons cannot legally consent to sexual activity. The age of consent in NYS is 17.

Alcohol and/or Drug Use Amnesty in Sexual and Interpersonal Violence Cases

The health and safety of every student at the State University of New York and its State-operated and community colleges is of utmost importance. SUNY Oneonta recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that violence, including but not limited to domestic violence, dating violence, stalking, or sexual assault occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct. SUNY Oneonta strongly encourages student to report incidents of domestic violence, dating violence, stalking or sexual assault to institutional officials. A bystander acting

in good faith or a reporting individual acting in good faith that discloses any incident of domestic violence, dating violence, stalking or sexual assault to College officials or law enforcement will not be subject to SUNY Oneonta's *Code of Conduct* action for violations of alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking or sexual assault.

Sex Offender Registry Information

When the New York State Division of Criminal Justice Services (DCJS) notifies campus officials of the presence of a registered sex offender on campus, University Police will alert the campus community using the "timely warning" methods for criminal activity, in general or in a limited manner, as appropriate. This may include web notices, doorway signs, campus media, and e-mail messages. Warnings will indicate that a level 2 or level 3 sex offender is enrolled or employed at the college and will indicate that further information can be obtained at the DCJS website: **www.criminaljustice.ny.gov**. Information listed on the website may include name, address, physical description, crime of conviction, modus operandi, type of victim targeted, and special conditions imposed on parole.

Missing Student Notification

If a member of the University community has reason to believe that a student who resides in on-campus housing is missing, he or she should **immediately** notify University Police at 607-436-3550. University Police will generate a missing person report and initiate an investigation.

In addition to registering a general emergency contact, students residing in on-campus housing have the option to identify confidentially an individual to be contacted by University Police in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, University Police will notify that individual no later than 24 hours after the student is determined to be missing. A student who wishes to identify a confidential contact can do so through the office of Residential and Community Life in conjunction with room selection or roommate preference data collection processes. This confidential contact information will not be disclosed except to law enforcement personnel in furtherance of a missing person investigation.

There is no waiting period for University Police to begin an investigation into a missing student report, but the college must notify the local law enforcement agency within 24 hours of making a determination that a student is missing. In addition, the college must notify within 24 hours the custodial parent(s) or guardian(s) of missing students under the age of 18 who are not emancipated.

Daily Log

The University Police also maintain a daily log of crimes and incidents that occur on campus that is available for the public to view. The information is recorded by date, time and general location, and disposition of the complaint. This daily log is available at the University Police department, Alumni Hall, or can be viewed at http://www.oneonta.edu/admin/police/pages/daily_reports.asp. Please note that entries or updates are generally made within two business days after the event occurs. Incidents or situations deemed to pose a threat to the campus community are logged as soon as possible. Sixty days' worth of activity is posted; more can be made available upon request.

While most events are logged, the office of the Chief of University Police, may determine that an

incident be classified as “confidential” in order not to jeopardize a criminal investigation or the identity of a victim.

Campus Crime Statistics

In accordance with recent updates to the “Campus Safety Act,” data are presented at the end of this report to review crime activity both on campus and on streets adjacent to campus property. This information can also be found at <http://ope.ed.gov/campussafety>. A map, which defines these areas, appears at the end of this report. Reported on-campus offenses include all offenses reported on campus property and in campus buildings. There are no “on-campus student housing facilities” on the Cooperstown campus.

Two other categories are presented in this chart: “non-campus buildings or property” and “public property.” The first category, non-campus buildings or property, includes properties owned by student organizations officially recognized by the institution and those owned by the university outside the campus boundaries that appear on the map at the end of this report. The offenses presented in this report include offenses reported by the Cooperstown Police Department at the Cooperstown Campus, which is comprised of the Cooperstown Graduate Program (one location) in Cooperstown, New York. The second category, public property, includes thoroughfares, streets, sidewalks and parking facilities immediately adjacent to the campus.

The section on campus crime statistics also includes arrests and disciplinary referrals made to campus authorities for alcohol, drugs and weapons possession. As defined by the campus safety act, a disciplinary referral is an instance when a student is formally reported in writing to a university official for possible sanction.

As required by the Campus Safety Act, SUNY Oneonta is required to report hate crimes in this report. For this reporting, a hate crime occurs when a person is victimized intentionally because of his or her actual or perceived race, gender, religion, sexual orientation, ethnicity or disability.

The crimes presented are based on reports filed with the following offices: University Police, Vice President for Student Affairs, Associate Vice President for Student Affairs, Director of Community Standards, Student Health Center, Office of Residential Community Life, Counseling Center, Director of Student Activities, Student Diversity and Advocacy, and Director of Athletics. Formal requests for crime statistics for areas defined as “public property” and “non-campus buildings and property” were made with the Cooperstown Police Department and the Otsego County Sheriff’s Department, as well as the NY State Police.

Unfounded Crimes

A crime can only be unfounded if the report is found to be false or baseless. A crime is not considered unfounded if someone is found not guilty, not arrested, or not charged. Unfounding is an extreme and rare measure to be used when, using a reasonable investigative standard, sworn law enforcement believe that the reported crime did not happen. Only sworn/commissioned law enforcement can “unfound” a crime. This does not include a district attorney.

Crime Definitions

Unless otherwise noted:

- The definitions for murder, robbery, aggravated assault, burglary, motor vehicle theft, weapon law violations, drug abuse violations, and liquor law violations are excerpted from the Federal Bureau of Investigations Uniform Crime Reporting Handbook (UCR) (PDF).

- The definitions for forcible and non-forcible sex offenses are excerpted from the FBI's National Incident-Based Reporting System (NIBRS) edition of the Uniform Crime Reporting Program. The law defines both the behavior and physical nature of a sex offense and the lack of consent involved. In New York State, the age of consent is 17. These definitions include instances in which the victim is incapable of giving consent because of temporary or permanent mental or physical incapacity (including from the influence of drugs or alcohol) or because of age. Physical resistance is not required on the part of the victim to demonstrate lack of consent.

Offenses include any incidents of larceny-theft, simple assault, intimidation, or destruction/damage/vandalism of property that were motivated by bias.

Appendix A

Emergency Evacuation Procedures

Terms and Definitions:

Evacuation Assembly Area (EAA)- an outside location at least 50 feet from the building, away from roads and walkways used by emergency vehicles.

Evacuation Site (ES)- a building in close proximity to the evacuated building that will provide protection from the weather or other elements in the case of a prolonged evacuation. The on-site incident commander, usually a University Police officer will determine if personnel should move from the Evacuation Assembly Area to the Evacuation Site. An Evacuation Site list is attached to this document.

Procedures:

Evacuation is required any time the fire alarm sounds, an evacuation announcement is made, or a university official orders you to evacuate a building to the Evacuation Assembly Area (EAA). When an evacuation occurs, departments should put their evacuation plan into effect. After the building has been evacuated, the building cannot be re-entered until University Police gives permission. The silencing of alarms is not the sole indicator that it is safe to re-enter.

Lecturers and Lab Supervisors should notify each class at the beginning of the semester of the designated evacuation plan. The department's plan should indicate a meeting place outside the building EEA as well as the designated ES. It is imperative that students know to stay together as a class while at the EAA or the ES. Everyone must be accounted for, and their names should be written down, or checked off an attendance roster. You cannot release students from the EAA or ES until University Police have given permission to do so.

General Evacuation Procedures for Academic and Administrative Buildings

- Quickly shutdown any hazardous operations or processes and render them safe.
- Notify others in the area of the alarm if they did not hear it while you are evacuating yourself.
- Exit the room.
- Take jackets or other clothing needed for protection from the weather.
- If possible close windows and doors as you leave, but do not lock the doors.
- If you are away from the class/lab room when the alarm sounds, you should exit the building immediately and not return to the room. You should meet the class at the EEA.
- Exit the building, walk to the nearest safe exit route (do not run). Do not use elevators.
- Move away from the building, report to the class/ labs designated EAA and meet with other persons from the class or lab. Wait at EAA for directions.
- Account for faculty, staff and students and write down their names while at the EAA. Report any missing or trapped people to the emergency responders. Keep existing groups together.
- Review with everyone the location of the Evacuation Site, should this have been an instance where you would have been required to go there.
- Do not reenter the building until University Police gives the "all clear" signal.

Evacuation of Persons with Disabilities

Assisting Visually Impaired Persons

- Announce the type of emergency.
- Offer your arm for guidance.
- Tell the person where you are going, and any obstacles you encounter.
- When you reach safety, ask if further help is needed.

Assisting People with Hearing Limitations

- Turn lights on/off to gain the person's attention, or indicate directions with gestures, or write a note with evacuation directions.

Assisting People Using Crutches, Canes, or Walkers

- Evacuate these individuals as injured persons.
- Assist and accompany to evacuation site if possible, or use a sturdy chair (or one with wheels) move the person to an enclosed stairwell, notify emergency crew of their location.

If you are unable to leave the building due to a physical disability:

- Go to the nearest stairwell.
- Use a telephone to call University Police 3550, or use other means to advise them of your location.
- If possible, signal out the window to on-site emergency responders.
- One person may remain with you if they wish to assist you.

The following buildings will be the designated Evacuation Sites (ES) when a prolonged building evacuation occurs as determined by University Police or the Incident Commander. The Emergency Communication Coordinator (designee) or Residence Hall Director (designee) will be present. Occupants will be sent to the emergency assembly spaces
