SUNY Oneonta Student Health Center
Measles, Mumps, Rubella (MMR) Vaccines Medical Exemption Request Form

To request a medical exemption from the New York state MMR vaccination requirement complete Part I, including the demographics section, the acknowledgement checkboxes, and the signature. Ask your medical provider to complete Part II, and Part III, then submit the completed form to the SUNY Oneonta Student Health Center. Completed forms can be submitted either via email to healthcenter@oneonta.edu, Fax or Mail (see above for information). The form will be reviewed and a decision regarding your request will be sent back to your personal Oneonta.edu address.

☐ If my request is granted, I acknowledge that I will be required to understand and comply with SUNY Oneonta’s health and safety protocols pertaining to unvaccinated or under-vaccinated individuals. This protocol states that if there is a Measles, Mumps, and Rubella (MMR) outbreak on campus, I may be excluded from class or campus until the risk of exposure has passed. Furthermore, I acknowledge that the consequences of not complying with these regulations may include having a hold placed on my ability to register for future courses or being deregistered from current courses.

☐ I certify that my statements above, and any supporting documentation, are true and accurate.

Signature*: _______________________________ Date: ______________

*Student’s signature, or parent/legal guardian must sign if the student is under 18 years old as of the first day of classes.

Note: The campus reserves the right to request additional documentation to support a request for a medical exemption.
Part II. Medical Exemption Request (to be completed by medical provider only)
A licensed medical provider (Physician, Physician’s Assistant or Nurse Practitioner) and the requesting student should review the CDC guidance regarding contraindications for MMR vaccine. By completing Part II, Section A of this form the medical provider certifies that all methods of vaccinating against the MMR viruses have been fully considered and that the student has at least one contraindication or precaution that precludes vaccination.

I certify that my patient (named in Part I) cannot be vaccinated with the MMR vaccine because of the following contraindication or precaution:

Contraindication: _______________________________________________________________

Precaution: ___________________________________________________________________

The patient’s inability to be vaccinated is:

☐ Permanent

☐ Temporary

If temporary, the expected date of eligibility to become vaccinated is: ________________
